

Pro-MECH

The nation faces a growing technician shortage in the heavy duty diesel equipment industry. Pro-MECH Learning System's **TechSpedite™ Technician Training Program** is creating work ready technicians, equipped with the right skills to fill the void. Visit www.pro-mech.us for upcoming sessions and enrollment information.

Included in the Program

- **160 Hours of Classroom and Hands on Instruction covering:**
- **Safety & Tools**
- **Trailer Preventive Maintenance**
- **Truck Preventive Maintenance**
- **Brake & Wheel End Service & More!**

What's in it for you?

- **Expert instruction from Pro-MECH master technicians**
- **Certifications from key OEM suppliers**
- **Aggressive tool discounts for students**
- **Leverage Pro-MECH's national network of employers for career opportunities**

 **Pro-MECH**
