

## Defining of Demand Occupation Policy

The GLOW Employment & Training Directors will develop a master list and an individual county list of demand occupations for the purpose of approving Individual Training Accounts training requests.

These lists will be submitted to the Program Evaluation/Oversight Committee for review and approval on a quarterly basis effective 10/1/00.

Any exceptions to the demand occupations will require documentation of employment and opportunities and reviewed by the Program Evaluation/Oversight Committee.

### Policy #2
