

## Self Sufficiency Levels for GLOW WIB Policy

An individual whose annual income falls below \$41,600 or an hourly rate of \$20.00 based on a 40-hour week would be considered to be below “self sufficiency” levels for On-the-Job Training, Customized Training, and Individual Training Accounts.

This is an increase in the self-sufficiency rate from \$12.26/hour for ITA’s and \$15/hour for On-the-Job Training and Customized Training to \$20/hour to assist more businesses to train and upgrade their current workforce.
